Arena Construction Starts With Sod-Turning Ceremony

At a ceremony last Tuesday afternoon the first sod was turned and construction of the Drayton Valley and District Centennial Civic Centre and Arena officially started.

The joint sod-turning was performed by A.W. Morrison, Deputy Minister of Municipal Affairs; G.D. "Bud" Salloum, representing the Provincial Centennial Commission; and Mayor Howard Pickup and Mrs. C.R. Wood, M.L.A.

A large group of young people from the junior rooms of Drayton Valley schools made up the major part of the audience on hand for the ceremony at the site of the new building.

Bill Gadsby of the Detroit Red Wings hockey team was the principal speaker at the site ceremony and expressed the hope that the new Arena

would produce an N.H.L. player before many years go by.

LUNCHEON HELD

Preceding the actual ceremony at the site a luncheon was held in the Cardium Room of the Drayton Valley Hotel for all those taking part in the

afternoon event.

Brian Gooding was Master of Ceremonies at the luncheon and later at the sod-turning ceremony.

At a meeting of the executive of the Central Alberta Chambers of Commerce in Lacombe on June 15th it was announced that arrangements have been completed for the David Thompson, Howse Pass Car Cavalcade on the weekend of July 30, 31 and August 1st.

The annual cavalcade is held with the primary objective of attracting the attention of federal and provincial governments to the tourist and commercial possibilities of the David Thompson Highway if it could be extended from Nordegg to Saskatchewan River Crossing on the Banff-Jasper Highway, and thence along the Howse and Blae-berry Rivers to a point near Golden, B.C. on the Trans-Canada Highway.

TWO SKI SIDESLIDE (90° position) is one of the easiest tricks to learn. The slide position is made in a brisk fashion similar to stopping on ice skates or a fast stop on snow skis.

(1) Begin with a slight hopping motion to unweight the skis, making them easier to pull.

(2) Move into position by leaning away from the boat. This keeps the forward ski edges up and avoids digging.

(3) Keep your rope-arm bent to prevent forward slipping of the skis; positive control of the towline is ensured.

(4) If your skis are slipping out at the bottom, pull yourself in at the top.

Newly Formed Lodgepole Lions Hold First Dinner Meeting

On June 20th at 6:30 p.m. the first dinner meeting of the newly formed Lodgepole Lions Club was held in the dining room of the Lodgepole Hotel.

Chief topic of the business meeting was a lively discussion of the forth coming Charter Night to be held in the Lodgepole Community Centre on June 27th. A large percentage of the new members were present for the meeting and the excellent dinner served by the Lodgepole Hotel Staff.

It appears that there will be 23 charter Lions and from the interest and enthusiasm shown by them with regards various community projects suggested, we can look forward to the truth in the Lions International slogan,

"We Serve".

After the meeting was adjourned a group of Lions assembled at the school playground, and under the supervision of principal, Lion Richer, the frame work and netting for the school soft ball diamonds were erected.

This was the Lodgepole Lions first work party and from the enthusiasm displayed it is apparent that they are off to a flying start.

4-H BEEF CLUBS

There are 253 Beef Feeding Clubs scattered throughout Alberta with 4,664 teenage rural young people taking part.

According to Mr. C.L. Usher, Provincial Supervisor of 4-H Club activities, this figure represents an increase of nearly 400 over that of the previous year, and is an all time high for Alberta. There is little doubt that the glamour of handling "Beef" animals and fitting for show does attract the farm young people.

In the next few weeks 4-H Club members will be exhibiting over 5,000 Beef animals which they have personally fed and looked after during the past seven months. Nearly all these animals will be offered for sale after the shows.

On Tuesday, July 5th, you are invited to attend the show and sale at the "Sekura" Auction Market, one mile South of the Drayton Valley Hotel. About 55 finished yearling Beef will be sold at 2:00 p.m. following the showing commencing at 9:45 a.m. of animals from the following clubs: Tomahawk 4-H Beef Club; Lobstick 4-H Beef Club; and Drayton Valley 4-H Beef Club.

EQUINE ENCEPHALOMYELITIS

Dr. W.P. Brisbane of the Alberta Veterinary Services advises vaccinating all horses every spring where "Sleeping Sickness" has occurred in the past. This vaccinating should be done early to ensure good immunity before the hot weather comes with increased mosquito population.

There were a number of incidence of the disease last summer. The prevalence may depend to some extent upon the weather and number of mosquitoes present in the area. It is usually at its peak from mid-summer until the heavy frosts in the fall. Controlling mosquitoes with insecticides and insect repellants will aid in the campaign against Sleeping Sickness says Dr. Brisbane.

Although this is an infectious disease, which attacks

the nervous system, Dr. Brisbane points out that it cannot be spread from one horse to another or from a horse to a human being. The virus is carried to both people and horses by mosquitoes from birds and other hosts. There is virtually no chance of a mosquito biting a sick horse and transmitting the disease.

J.A. Shemanchuk, entomologist at the Lethbridge Research Station, said it is not known whether the virus is brought in by migratory birds or whether it survives the winter in some place on the prairie.

SUPPLEMENTARY PASTURES

Supplementary or emergency pastures should be part of every livestock producer's cropping program. Such pastures will increase the length of the grazing season and the carrying capacity of the farm.

O.C. Bratvold, Supervisor of the Crop Improvement Service of Alberta's Plant Industry Division, points out that emergency pastures are needed almost every year. For best results, they should be planned almost a year in advance.

Mr. Bratvold recommends showing a mixture of oats and fall rye late in June. The pasture will be ready for grazing in early August when permanent pastures are usually at their poorest. Fall rye not only provides early spring pasture the following year, but

takes the grazing pressure off permanent pastures during their early growing period. The net result is better permanent pastures during the balance of the year.

When you need help, the first person to count on is you.

A.R.D.A. Representative Visits Here

On invitation from the Council of the Town of Drayton Valley, Mr. Gordon Sterling, the Provincial Agricultural Rehabilitation and Development Act Representative, paid a visit to the town and district to ascertain the possibilities for community pasture aid in the Easyford district and parks and recreational development aid for the West Valley Lion's Park and the Klondike Kampers' Karnival Kampsite on the North Saskatchewan River below the bridge. Although Mr. Sterling was

unable to give any concrete answers as to grants forthcoming he did hold out some hope for any applications submitted on behalf of the community pasture proposal and as well pointed out the fine potential of the Klondike Kampers' Karnival site and recommended that an application be made on this project's behalf. He supported the Chamber executive's opinion that this site can be made into a fine, attractive picnic grounds as well as a trailer and tenting camp for the travelling public

With the completion of the asphalt surfacing between Leduc and Drayton Valley the travelling public are expected to be using the route more and the Klondike

Kampers' Karnival grounds will be ideally located to attract a goodly portion of these tourists for varying periods. This then will become not only a facility for local residents but also for our Provincial and International visitors. Mr. Sterling on leaving voiced a hope that he might pay many more visits to our town and district and watch the continuing growth of the

area. He, as most visitors, expressed surprise at the tremendous strides in all phases of facilities and conveniences that Drayton Valley has made in the few short years since incorporation. A boat on the lake means fun, but it can also mean disaster. To stay alive and let others live make water safety rules a habit.

Couple Married at United Church

On Saturday, May 21st, 1966 at 2 o'clock in the afternoon, Drayton Valley United Church was the scene of a lovely double-ring ceremony when Rev. Strachan united in marriage Marianne, only daughter of Mr. and Mrs. Richard Pollard of Round Valley and Alfred Lars, eldest son of Mr. and Mrs. Edwin Dahlgren of Victoria, B.C.

The church was decorated with white vases of red roses. The pews for the wedding guests were marked with nose-gays. Mrs. Howard Pickup presided at the organ.

Given in marriage by her father the bride looked radiant in a traditional white floor-length gown of chantilly lace and net over satin. The neckline was trimmed with pearls and crystal sequins and featured lily-pointed sleeves. White nylon roses, formed into a V, enhanced the back of the skirt which was fashioned in a modified train. Her shoulder-length veil was held in place by a crystal crown. She carried a bouquet of cascading dark red roses, lily of the valley and rosebud streamers. She wore a necklace of aurora borealis, a gift of the groom.

The bridesmaids, Miss Jeanette Dahlgren, sister of the groom of Victoria, B.C., Miss Sandra Degen of Drayton Valley and Miss Charlotte Swap of Round Valley wore identical cocktail-length dresses of pale blue nylon chiffon over taffeta with matching headpieces and white accessories. They carried bouquets of blue and white sweetheart roses and wore pearl drop necklaces, gift of the bride.

The best men were Mr. Jerry Young of Victoria, B.C. Mr. Robert VanEmber of Berrymoor and Mr. Eddy Kelly of North Surrey, B.C.

Flower girl, Miss Judy Chambers of Round Valley was dressed all in white. Her dress of nylon and lace over taffeta matched the bride's. She wore a small white headpiece and a necklace and bracelet, a gift of the bride. She carried a basket of white

and blue sweetheart roses.

Ring bearer was Kelvin Dahlgren of Victoria, B.C., brother of the groom. Ushers for the occasion were Elmer Dahlgren of Victoria, B.C. and Dale Davidson of Tomahawk.

For her daughter's wedding, the bride's mother chose a jade two-piece suit with white accessories and red roses en corsage.

The groom's mother wore a blue two-piece suit with matching accessories and red roses en corsage.

The bride's grandmother, Mrs. Pearl Buzak of Edmonton wore a two-piece beige lace dress with tan accessories and a corsage of pink roses.

Mr. Leonard Pollard of Kamloops, B.C., uncle of the bride acted as master of ceremonies and proposed the toast to the bride.

The bride's table was centered by a four-tiered wedding cake flanked by two white candles, decorated with rose buds, and bouquets of red roses in white vases.

Ramona Community ladies served supper for 190 guests and an evening of dancing was enjoyed by all with music supplied by the Moon Lake Ramblers.

The bride chose a three-piece pale green linen suit and a corsage of yellow roses, a gift from the groom, for the open house held the following day at the bride's home where she opened her many lovely gifts.

Out of town guests were from Kamloops, B.C., Victoria, B.C., Aldergrove, B.C., Armstrong, B.C., Red Deer, Alberta, Berrymoor, Lindale and Drayton Valley.

Mr. and Mrs. Alfred Dahlgren will make their home in Drayton Valley.

Despite the frequent reports of fires caused by lighted cigarettes being dropped onto bedclothes or upholstered furniture, many persons still practice this dangerous habit which can destroy homes and take lives

Rec. Director Attends Football Conference

The Alberta Football Coach Association held their eighth annual meeting last Thursday, Friday and Saturday at the University of Calgary. All lectures and films were presented at the recently opened Calgary Hall. Practical sessions and demonstrations of different techniques were held at McMahan Stadium. Out-of-town members of the association attending the clinic were housed in the new university residence and served their meals in the residence cafeteria.

As for the clinic itself it proved to be one of the best ever presented. This would particularly apply for those persons interested in coaching the sport under the Junior level, that is to say High School, Bantam or PeeWee coaching personnel.

The chief lecturer was Fred Speigelberg, the head coach of Medford High in Oregon. His lectures were on the Medford "Method" and "Philosophy" in football and athletics. Mr. Speigelberg held his audience of more than one hundred coaches spellbound with his very informative talks. This great coach and educator made many friends as well as tremendous contribution to High School and Minor Football coaching in Alberta.

The other people on the resource staff were Dennis Kadatz, Head Coach of the University of Calgary Dinosaurs, Jim Milligan, coach of the 1965 Bantam Provincial Champions and who is moving up to coach the Calgary Bronks in 1966; Bob McLean, Head Coach of the Delbourne High

The development of a new institution to be known as the Alberta Industrial Training Centre, Edmonton, scheduled for operation this fall, has been announced by the Hon. R.H. McKinnon, Alberta Minister of Education.

The first programs offered in this centre will be for the oil well drilling and servicing industry and are being developed in co-operation with the Canadian Association of Oil Well Drilling Contractors. It is expected that the industry will provide both a drilling and a servicing rig to be erected at the school, located on Edmonton's south side.

Drayton Canoe Wins Voyageur Canoe Race

Reg Samis and David Ellery of Drayton Valley, in a self-made styrofoam craft, recently won the annual Voyageur White Water Canoe Race from Horburg to Rocky Mountain House.

The pair covered the 22-mile route over the North Saskatchewan River in one hour, 53 minutes, and 15 seconds to finish only 45 seconds ahead of Francis Tally of Barrhead and Dave Maclure of Drayton Valley.

Just over a minute behind was the Calgary brother team of Albert and George Able, while Bob Lamb and Ken Hardy of Edmonton placed fourth in one hour, 55 minutes and 30 seconds.

Sixteen of the 20 entries --

18 canoes and two kayaks -- finished the race.

The winning canoe is unique in that it was hand carved from a block of styrofoam. Measuring 18 feet by two feet, it is solid with only space hollowed to kneel, thus drastically reducing the possibility of "taking on" water. Considerably lighter than most canoes in the race at 65 pounds, it has a fibreglass-covered bottom.

THE ARNOLD Palmer Method

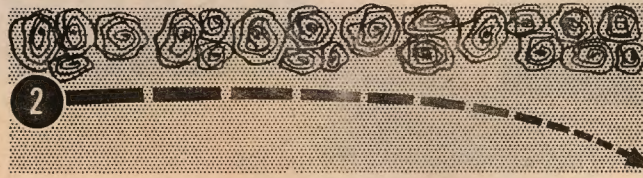

by GOLF'S 4-TIME MASTERS WINNER

FADE OR HOOK AWAY FROM TROUBLE

Many golfers feel that one of the toughest things to do in golf is to hit a perfectly straight shot. I'm inclined to agree. Most shots that are planned to fly straight actually finish to the right or left.

Now, let's assume we are driving down a narrow fairway - only 60 feet in width. The golfer who plans to play a straight shot down the middle leaves himself only 30 feet to either side to accommodate a hook or a slice.

However, the golfer who plays an intentional draw shot down the right side, or an intentional fade down the left, actually leaves himself much more than 30 feet of fairway, and he knows with reasonable certainty which way his shot will bend.

If you are expert enough to fade and draw shots at will, I suggest you put this talent to use by "playing away from trouble" on your drives. If the trouble is on your right (No. 1), play a draw down that side. If trouble is on the left, play a fade down that side.
